A WOMAN OF CLASS

The St. Augustine Girls' High School Alumnae salutes Mrs. Undine Giuseppi, Former Vice Principal 1950 to 1972 and congratulates her on the publication of her autobiography "I Remember".

We, too, remember the days long gone of high moral standards, high educational standards, and high ideals.

As Mrs. Giuseppi's book chronicles these and other standards, values and principles, we know that as alumnae we have been truly blessed with a foundation of core values unshaken amidst the vagaries of contemporary living.

Her literary masterpiece should serve not only as a reminder of the "good old days" but at this time serve to re-instil a consciousness of Godliness, a sense of dedication, a true spirit of service and the essence of what teaching was and yet should be.

Congratulations, Mrs. Giuseppi!

Fellow Alumnae personalized autographed editions are available through The Association. Books are available at RIK nationwide.
